

Footpath 231/10 – Path behind The Ranch Plus 92m Pavement upgrade

Good News

The Parish is almost there in having pedestrian and disabled access in and out of the village.

FP: 231/10: Upgrading 350m of footpath to 1.5m wide

On Monday 23rd September work will commence to widen and construct a tarmac footpath. Pedestrians may have to move off the existing path and walk on the headland.

FW: 92m Pavement between, BOAT 231/7 -Gypsy Lane and FP 231/10 Oakfield.

Oxford County Council will construct a 1.2m wide pathway replacing the existing 1m wide asphalted surface which is in a poor state of repair. This will be completed before Christmas 2019.

There will be traffic control on this section of road whilst work is being carried out. Pedestrians – Access at all times, however, not suitable for powered wheelchairs.

This is most welcome as the path was unfit for powered wheelchairs prams and dangerous for pedestrians who could be hit by the mirrors of passing vehicles on this narrow length of the main road into the village.

I would like to express my thanks to our County Councillor Judith Heathcoat for her assistance in achieving these objectives.
